

Oscie Whatley's map of seeds treated with colchicine solution in 1966. Transcribed by Michael Bouman									
Ed. Note: 1966 probably represents the year of production. The original notation says 1967. It's a bed map									
Row	Pod	Pollen	Count	Editor's notes					
"West Bed, read north to south"									
1	105 x WW	WW		(Solo x Winning Ways) X Winning Ways
